Sirs,

Your industry was inspected by the officials of the West Bengal Pollution Control Board on 13/04/2017. During inspection it was observed by the inspecting official that untreated effluent was being discharged directly to road side drain. The untreated effluent sample was collected and analysis report of the sample shows gross non-compliance (COD-1228.70 mg/l & BOD-856.0 mg/l TSS- 354.0 mg/l).

State Board earlier directed your industry vide order dated 16/03/2016 to complete the rectification/modification work of the effluent treatment plant by 31st May, 2016 with imposition of a Bank Guarantee of Rs. 1.00 lakh. The BG submitted by your industry has expired on 04/04/2017. Though ETP has been rectified as noticed during inspection on 13/04/2017, but still you are discharging untreated effluent bypassing the ETP.

In view of the above mentioned gross violation of environmental norms as observed during inspection by the Board official, you are directed to comply with the following :

1. That, under no circumstances, the industry shall discharge untreated effluent outside the factory premises. The industry shall immediately seal the bypass drain.

2. That, the industry shall always operate with efficient functioning of the effluent treatment plant so as to comply with the permissible limit of effluent discharge in future.

3. That, the industry shall always operate with valid Consent to Operate of the Board.

4. That, the industry shall execute a Bank Guarantee (proforma enclosed) of Rs. 1,00,000/- (Rupees One lakh) only, valid for twelve (12) months within fifteen [15] days from the date of issuance of this direction in favour of the WEST BENGAL POLLUTION CONTROL BOARD (Corporation Bank IFSC Code CORP 0000663) as an assurance to comply with the Board’s direction in future.

This direction is issued with the approval of the Competent Authority of the Board.

Yours faithfully,
