WHEREAS, M/s. S. S. Chemicals (hereinafter referred to as the industry) located at Vill. & P.O. -Burul, P.S. Nodakhali, Dist. 24 Pgs(S), Pin-743 318 is engaged in production of P.F. Resin, U.F. Resin.

AND WHEREAS, the industry was inspected by the official of the West Bengal Pollution Control Board (hereinafter referred to as the Board) on 17/01/2017. The industry has 2 nos. coal fired boilers of 400 kg/hr. each and two resin kettles. The boilers are connected to a common stack of height 20m from G.L. The industry has installed an effluent treatment plant comprising of collection tank, chemical dozing facility, primary clarifier, intermediate tank for pH correction, aeration tank, secondary clarifier, sand filter, activated carbon filter, sludge drying bed.

AND WHEREAS, the effluent treatment plant was found in defunct condition, effluent sample could not be collected during inspection on 17/01/2017. However, the effluent sample collected during earlier inspection on 23/11/2015 from the outlet drain of the industry revealed gross failure. The results are shown below:

AND WHEREAS, Consent to operate of the industry was valid upto 30/06/2014, it has applied for renewal of Consent on 29/08/2016.

AND WHEREAS, the industry was called for a hearing at the Head office of the Board on 17/03/2017 for non-compliance of environmental norms as recorded above.

AND WHEREAS, the partner of the industry appeared in the hearing submitted that the plant is running irregularly due to insufficient work order. He has mentioned that the effluent treatment plant is now functional and is being operated whenever production takes place and effluent is generated.

NOW THEREFORE, considering the submission of the industry, M/s. S. S. Chemicals located at Vill.& P.O. -Burul, P.S. Nodakhali, Dist. 24 Pgs(S), Pin-743 318 is hereby directed to take necessary steps for modification/ upgradation of the effluent treatment plant and make it operational within May 2017 positively so as to meet the permissible standards and always operate the plant with efficient functioning of the ETP.
The Environmental Engineer, In-charge of Alipore Regional Office is requested to conduct a fresh inspection of the industry after May 2017 to verify the status, if the industry is again found to be non-complying, strict regulatory action like closure with disconnection of electricity of the industry will be initiated. The In-charge of the concerned regional office is requested to process the consent application of the industry and dispose of the same on merit.

This direction is issued in exercise of the powers conferred under the provision of Water (Prevention & Control of Pollution) Act, 1974, Air (Prevention & Control of Pollution) Act 1981, the Environment (Protection) Act, 1986 and Rules made thereunder after being approved by the Competent Authority.

By Order,

Sd/-
Sr. Environmental Engineer & In-Charge Operation & Execution Cell
West Bengal Pollution Control Board
