The proposal securing the highest combined marks and ranked H-1 will be invited for negotiations, if required and shall be recommended for award of contract.

For example the following procedure can be followed. In a particular case of selection of consultant, it was decided to have minimum qualifying marks for technical qualifications as 75 and the weightage of the technical bids and financial bids was kept as 70: 30. In response to the bid, three proposal, A,B and C were received. The Bid evaluation committee awarded them 75, 80 and 90 marks respectively. The minimum qualifying marks were 75. All the three proposals were, therefore, found technically suitable and their financial proposals were opened after notifying the date and time of bid opening to the successful participants. The Bid evaluation committee examined the financial proposals and evaluated the quoted prices as under:-

<u>Proposal</u>	<u>Evaluated Cost</u>
A	Rs.120/-
B	Rs.100/-
C	Rs.110/-

Using the formula LEC / EC , where LEC stands for lowest evaluated cost and EC stands for evaluated cost, the committee gave them the following points for financial proposals :-

Proposal A: $100/120 = 83$ points

Proposal B: $100/100 = 100$ points

Proposal C: $100/110 = 91$ points

In the combined evaluation, thereafter, the evaluation committee calculated the combined technical and financial score as under:

A: Technical – $75 \times 0.7 + \text{Financial } 83 \times 0.30 = 77.4$ points. – H-3

B: Technical – $80 \times 0.7 + \text{Financial } 100 \times 0.30 = 86.0$ points .- H-2

C: Technical – $90 \times 0.7 + \text{Financial } 91 \times 0.30 = 90.3$ points .- H-1
